- 3-point locking system
- Rounded corner doors
- Heavy-duty 14-gauge door—up to 52% more steel for extra durability
**Jamco Exclusive*
- 16-gauge louvered shelf support
- Rust-resistant galvanized shelves
- Safety signage in large red lettering
- Available with 4" feet to allow forklift access
- Adjustable leveling feet
- Lead fusible link
- Rust-resistant galvanized steel bottom extends the life of the cabinet
**Jamco Exclusive*
- Quality manufactured in the USA
- Grounding connector
- Highly durable powder coated finish
- Flush mounted paddle handle with lock
- 4" heavy-duty bullet hinge is self-lubricating and resists environmental dirt
**Jamco Exclusive*
- Solid, fully welded construction
- Patented twin flame arrestor vents
- FM approved and meets OSHA, NFPA code 30, and UFC 79 standards
- Patented twin flame arrestor vents

Replacement Indications

Signs of wear and deterioration can indicate that it's time to replace your safety cabinet. Did you know that rust and other modifications can mean your cabinet no longer meets code? Modifications can include:

- ✗ Welding I-bolts to assist with moving the cabinet
- ✗ Door doesn't close properly
- ✗ External attachments to dispense liquids
- ✗ Adding a padlock or drilling any hole in the cabinet
- ✗ Any venting added

Cabinet Models

Under-counter, countertop, narrow, self and manual close—Jamco has all the popular sizes and configurations.

Gallon Capacity	6	11	12	15	18	22	24	28	30	44	45	60	90	120

Forklift Manual Close								✓	✓	✓	✓	✓	✓	✓
Forklift Self Close								✓	✓	✓	✓	✓	✓	✓

*6 and 11 gallon sizes are not FM approved

State Requirements

Self-closing doors give you peace of mind that your team is protected, but did you know that many states and municipalities require self-closing doors?

Jamco Flammable Safety Cabinets help keep companies compliant and are FM tested and approved. They also meet OSHA, NFPA code 30, and UFC 79 standards. As always, check with your local municipality to see if a self-closing door is required.

STATES REQUIRING SELF-CLOSING DOORS

■ Required ■ Some municipalities

Color Options

The following are industry best practices for selecting colors based on what is being stored:

YELLOW:
Flammable liquids

RED:
Paints, inks and other combustible liquids

BLUE:
Corrosives (acids, bases, oxidizers)

GREEN:
Pesticides and insecticides

GRAY:
Hazardous materials

Jamco helps provide peace of mind with high-performance and compliant flammable safety cabinets that have been tested to meet industry standards. We back up that performance with a 10-year limited warranty for added peace of mind. Contact your Jamco Sales Representative to help select the safety cabinet that is right for your application.
